Foreword

This year was basically the same as any high school year; we studied, attended athletic events, experienced both happiness, and sadness, and acquired many principles that will help us build our future.

All shared the hopeless reality of examinations and deadlines, the semester grades, and the noon rush.

The staff has furnished only the outline of the story that we find when we turn these pages filled with warm smiles and many happy recollections. The rest is up to the individual. Underclassmen, who return to Leo in the fall, will continue to keep up the high standards of the school and will strive for ways to use the knowledge they have gained.

Tomorrow, when you think back, may you remember all three phases of your high school years—academic, athletic, and social.

It was all yours!

The Editor

Two Hi-Y members do their jobs as salesmen for Leo sweatshirts. The money was used for the Best Girl Banquet and the Y.M.C.A. World Service project

Tom Bailey, chairman of the Clothing Drive Committee, weighs the bags of clothes donated by students. The bags were sent to the "Save the Children Federation."

The "Senior" sextet entertain with their song "Sipping Cider" between acts of the Dramatics Club play

The Senior High Choir, under the direction of Mr. McBane, fills the air with Christmas spirit as they perform at the Christmas Program.

Presents to Citizens Their Spirit of Christmas and . . .

The 1962 Christmas Program was presented by the music department on December 14. The directors, Mrs. Hansen and Mr. McBane, worked very hard to make this program a success. The candle-lighted processions and all of the original and beautiful settings for each song helped make the program one to remember.

The grade school choir opened the Christmas Program. Then the elementary choir presented five favorite Christmas songs.

Then the curtains opened with the rolling sounds of the trumpets and the clear notes of the High School Choir. The girls choir entertained with a cheery presentation of a famous Christmas song.

The audience was then entertained by a Girls' Ensemble. The telling of the "Christmas Story", the real meaning of Christmas, ended the program.

Really, Mrs. Hansen, the choir doesn't sound that bad, does it?

The sophomore pie-throwing booth proved to be the most popular attraction at the Fall Festival this year.

October 15, 1962 brought an evening enjoyed by all at the Fall Festival. After having a delicious barbecue chicken supper, the people enjoyed the variety of entertainment.

The different classes provided carnival booths. Each class received 40% of the profit made by their booth.

The seventh grader's movies was a great hit. The eighth grade's fish pond proved to be a smash with the younger set. The ninth grade's booth was a penny pitch. The funniest booth was the tenth grade's pie throwing contest. The victims were Mrs. Mumma, Mr. Doehrman, and Mr. Jones. The eleventh grade's basketball throw was a popular booth. Last but not least is our seniors and their booth called darts, beanbag, and ring toss.

Besides all of this there was other entertainment. There was a cake walk and a bazaar. The evening ended with an auction.

All through the evening the Comets and the high school band provided music.

Helps the Community With Such Projects as the Fall Festival and . . .

The Comets, Billy Martin, Neal Graham, and Joe Walker, provided enjoyable music for the evening.

Mr. and Mrs. Brumbaugh enjoy the clarinet ensemble as they get closer to the chicken supper.

Four Senior girls take advantage of the Senior privilege of the initial board. This is the fourth year for this tradition.

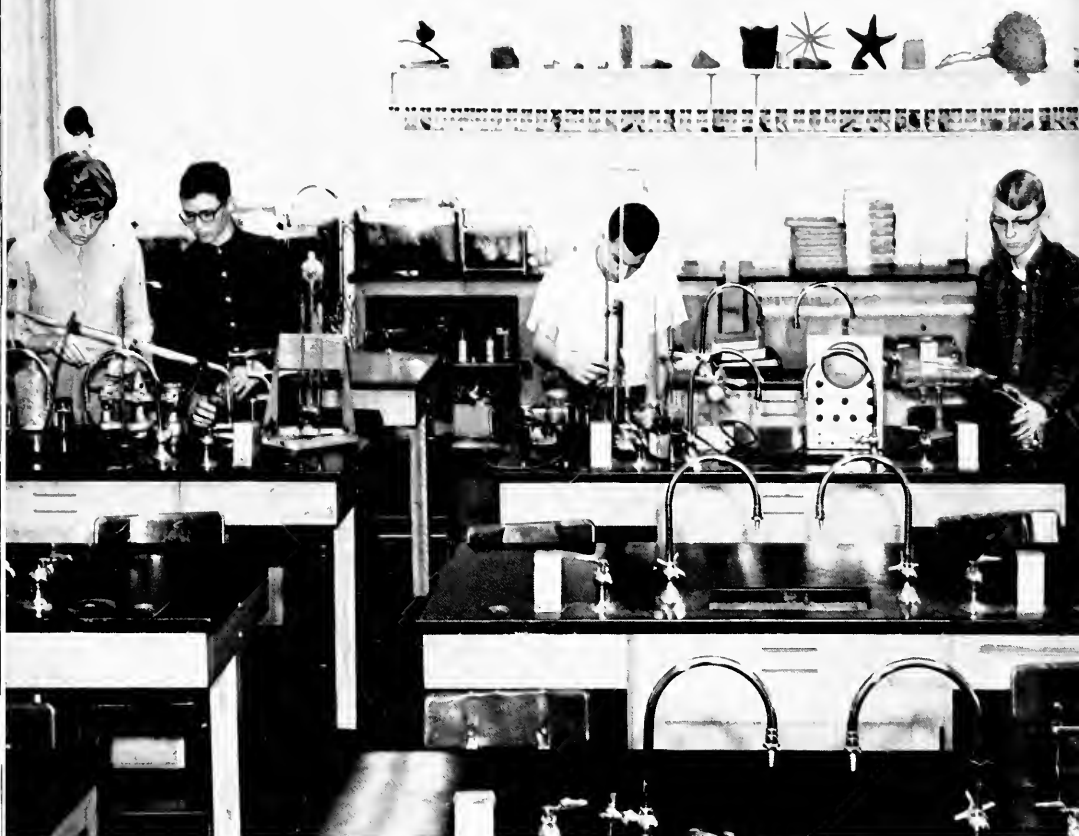

This winter proved to bring a storm of colds and flu bugs, and the clinic was a busy place.

Enjoy the Various Fads Through the Year.

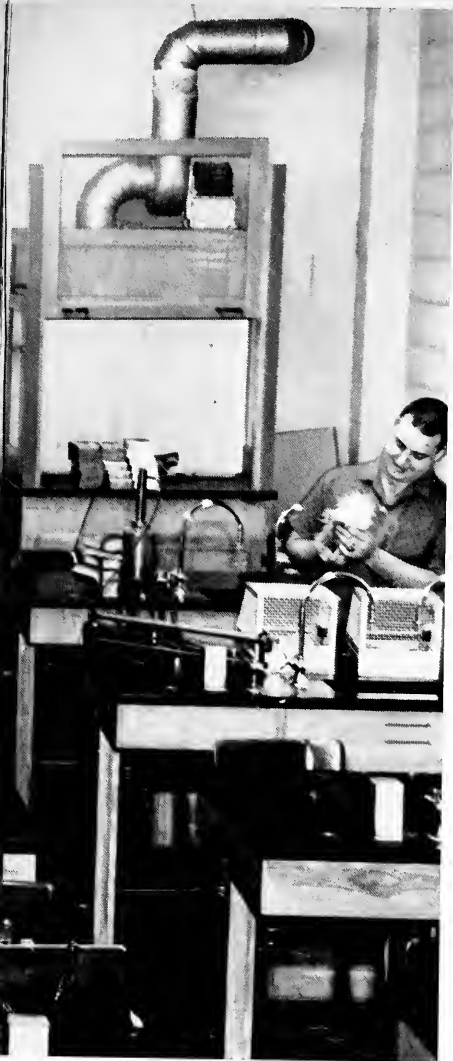

Knee socks, shifts, ponchos, long hair (boys') "puffy" hair styles, and giant purses constitute the majority of school fads.

As is always the trend in the last two years of high school, love takes a more permanent effect upon the hearts (and hands) of young couples.

Academics

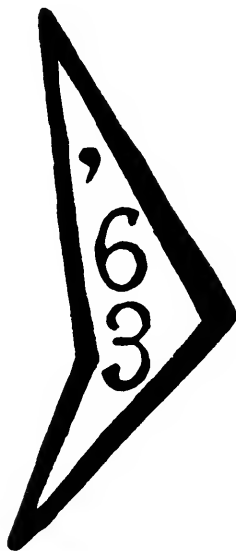

"The best and most important part of a man's education is that which he gives himself.

—Gibbon

As high school students we must never lose sight of the fact that we are in school for an education. The courses offered are for you, the student, to increase your abilities and learning. The teachers are here to teach you the wonders of good literature, the mysteries of science.

But these things are only *offered*. It is up to you to use this knowledge to your own advantage.

Senior English students listen attentively to Mrs. Seifert. One of their main objects of study was Shakespeare.

The present and future hold many challenging problems. One is the importance of good communication. The Leo High faculty do their utmost to teach and instruct the ways of better communication. The two departments pictured here make it their main function to improve cultured and business communications.

The Correct

These librarians have been exceptionally helpful since Miss Sprunger's illness. Left to right: C. Butler, R. Delagrang, M. Ringenberg, J. Schlatter, S. Brumbaugh, K. Hall.

Clerical girls learn the correct technique of telephoning and conversation.

First year typing students learn the fundamentals of typing.

Usage of Words Promotes Communication

Junior English students are involved and interested in American Literature.

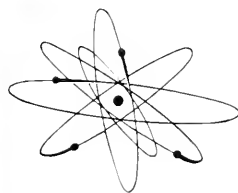

Mrs. Steiner's eighth grade English class puts on a play.

These biology specimens (the animals, not the people,) are cared for by the science students.

Math and Science – Necessary

Members of the Physics class demonstrate an experiment of light and color.

In the highly technical world of today, scientific training in secondary schools is not only an advantage but almost a necessity.

We can proudly say that our faculty contains very competent instructors in the fields of science.

Included also in the necessary courses for our modern, technical world is the field of mathematics.

The members of our faculty dedicated to teaching math are a highly capable group, and we at Leo have reason to be proud of the math department of our school.

A Solid Geometry student proves a theorem to the members of the class.

Courses for the Leaders of Tomorrow

These busy students are members of Mr. Oetting's Bookkeeping class.

Mr. Grile gives the XYZ's of first year Algebra.

The Senior Government class studies the functions and challenges of today's democracy. Studious looking group, aren't they!

Social Studies Unveil

Two studious students study the troubled spots in Africa.

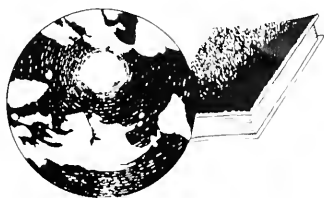

Seventh grade students study the history of our state.

The senior class of Problems in American Democracy discuss, in debate form, the Mississippi Crisis.

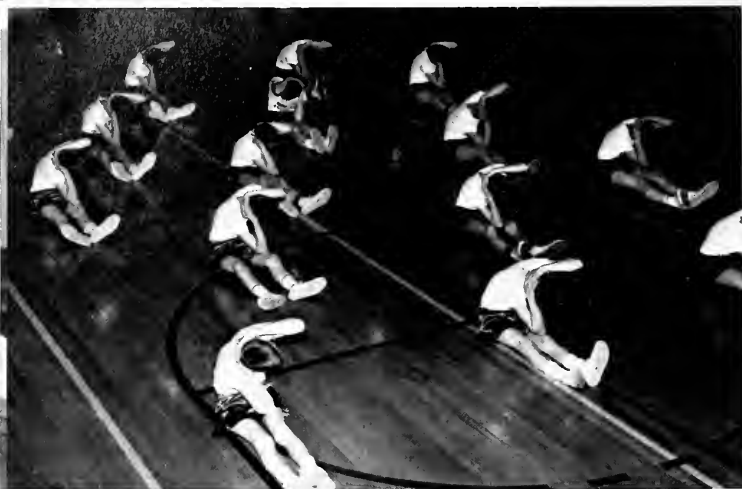

Past, Present, and Future

Members of the eighth grade history class illustrate chapters 1 and 2 in their history book.

Leo has a variety of social studies to offer to the students. These courses are important because they are an essential part of citizenship, and good citizens make a good nation.

Not only are these courses available to the high school, but the seventh and eighth grade classes are offered general history and Indiana history. Also, an Orientation class is offered to freshmen.

One of the gym classes proves its physical fitness by doing sit-ups in a certain amount of time.

The Nation's Physical Fitness

The freshman gym class demonstrates their acrobatic abilities.

Freshman girls watch an excellent performance on the trampoline.

The First Aid class treats "patient" Larry Crabill.

Program Is "Exercised" at Leo

Health, being a very important factor in our lives, is required at Leo for grades seven through nine. It prepares the student to lead a healthier life mentally, physically, emotionally, and socially.

Physical Education plays an essential part in developing the body physically. Both boys and girls in grades seven through ten are required to take physical education. Their program includes such activities as bowling, volleyball, softball, baseball, basketball, football, horseshoes, badminton, tennis, and track. A number of the students in physical education have also participated in half-time entertainment at our basketball games.

Mrs. Ringenberg explains the parts of the human torso to her seventh grade Health class.

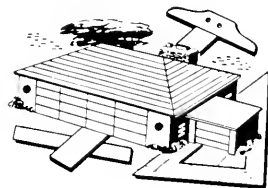

The teaching of manual arts is an important part of our high school curriculum. Here Mr. Heller shows his students how to use the drill and metal lathe.

Students Become Skilled

Members of the second year shop class attempt to repair a car.

The Home Economics department has studied cooking, sewing, family living, and budgeting this year. The seventh grade girls had a tea to model their aprons they made. The senior class planned and prepared a Christmas dinner in honor of Mr. and Mrs. Loren Jones.

Under the supervision of Mr. Heller, the shop classes have studied drafting, wood-working, mechanics, welding, electrical work, plastic arts and crafts, and metal work. They also have done quite a lot of maintenance and repair work around the school and for other departments.

Members of the Senior Home Economics class settle down to eat the meal they have prepared.

Mastering the Vocational Arts

Will it fit, girls?

The necessary job of freezer cleaning and all that goes with it!

Second and third year Spanish students, who entered the Spanish contest, decorate the bulletin board with verb tenses.

Even though Leo offers a small range of foreign languages, we are very proud of the great number of students who have taken the courses. Outside work, as well as regular classroom work, attempts to create in the student an understanding of the cultures and peoples that he studies.

The Speech department furnishes excellent training in the varied aspects of speech instructions, including reading, speech-making, dramatics, and the fundamentals of phonetics.

Speech, Languages, Art, and Drivers Ed.

The speech class practices their speeches for the contest.

The art class has shown their artistic ability on many occasions. Decorating the halls for Christmas and for the Fall Festival are among these.

Driver Education is designed to help students become better acquainted with a car and the responsibilities placed upon them while driving a vehicle. Approximately twenty-five classroom hours are set aside for general knowledge of a car, and approximately six hours are used for behind-the-wheel training.

Under the watchful eye of Mr. Oetting, Jim Hodges, Mary Lou Miller, and Gary Meinering learn the basic fundamentals of Driver Education.

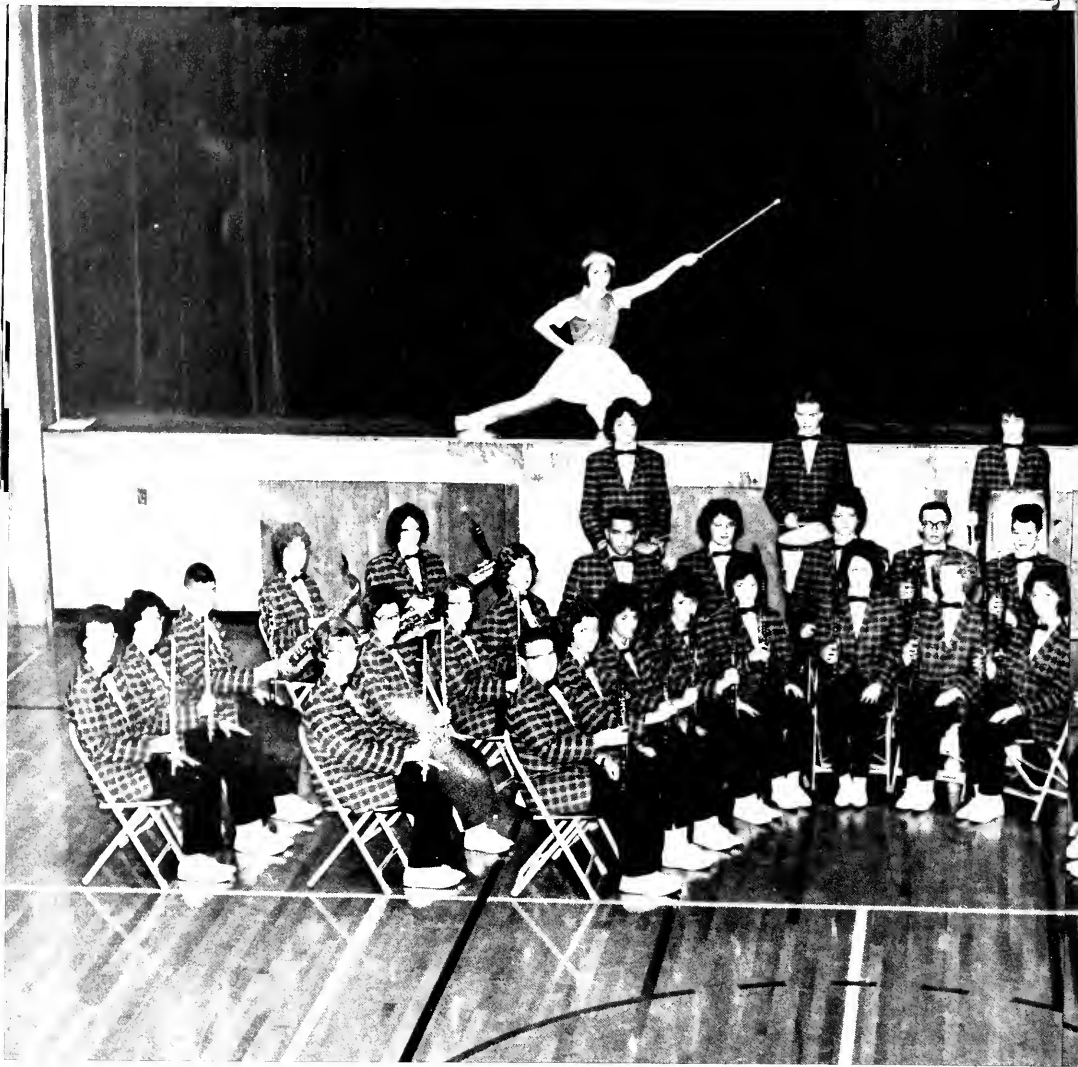

Helps Students Fill Curriculum

Art students, Doris Lengacher and Helen Klopfenstein concentrate on creating pottery masterpieces.

Trudy Kimmel and Ron Roy show off their artistic ability.

Organizations

"We cannot all do all things."

—Virgil

Along with the classroom courses offered is another type of education—learning to associate with fellow students in different school-sponsored clubs. Many students participate in these organizations. It may include playing an instrument in the band or playing volleyball in G.A.A.

Whatever the activity, each student belongs to the one that suits his own interests. Some are the leaders and some are followers; but each one adds to the organization, making it effective in its own school functions.

Pop Band

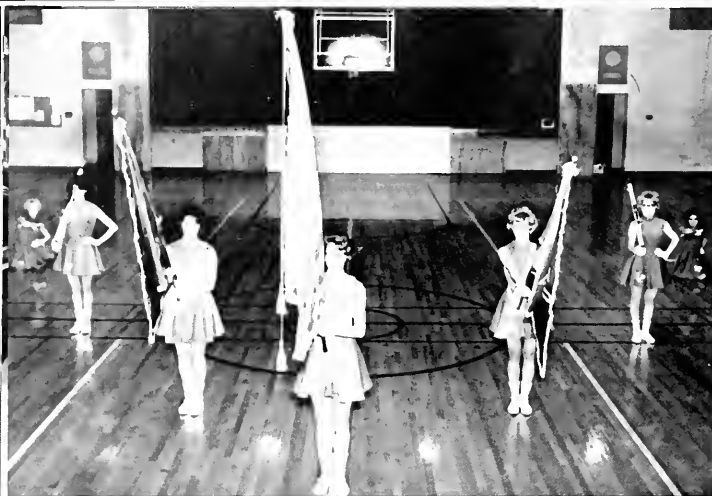

Both of these divisions of the music department were quite interesting. The Pop Band, which also features our Comets, consists of 17 members. They performed at many of our home ballgames to the delight of the audience.

The All County Band was made up of selected students from all the schools. These pictured were chosen from Leo. We are indeed very proud of these students.

Oracle Staff Anxiously Awaits Outcome

Following and reporting the sports events of the year were sports editors, Claude Schrock and Denny Beck.

The editor of the 1963 Oracle, Rose Ann Steinbacher, would like to publicly express her appreciation to the Leo High School for partially helping her attend the 1963 Indiana High School Journalism Institute at Indiana University. This was held for two weeks during the past summer of 1962. This session aided her in preparing this yearbook.

The Oracle staff has devoted much time and much effort to the preparation of this book.

We only hope that the community to which it is distributed will enjoy it as much as we have enjoyed preparing it for you.

We hope that through this book, you, the students, may be able to recapture your fun-filled school days.

The Lions' Tale

This is the third successful year for the Lions Tale, the school newspaper. It has progressed well during the past year. Under the able leadership of Mrs. Sauder, Linda Hursh, and Brenda Ort, all steps went smoothly. There were many rough obstacles to overcome, but everyone of the issues came through in fine shape; and everyone anxiously waited for the next issue.

National Honor Society Initiated

To be a member of this outstanding organization, a student must be recommended by the faculty and they must maintain a very high scholastic average. It is quite an honor to be a member of this organization.

FTA Members Look Forward to Teaching Careers

This club was organized this year for students in grades nine through twelve who are interested in the teaching profession. As it is newly formed, the club, with its sponsor, Miss Kendrick, have worked mainly on the building of a constitution and charter.

In future years this club will sponsor the observation of teaching (mostly elementary). Some seniors were allowed this year to participate in the classroom instructions of first and second grades.

Enthusiastic Group Earns Letters

To become a member of the Athletic Letterman's Club a boy must earn a numeral or a letter, maintain this letter by participating in the sport the following years, and keep the training rules both in and out of season.

The officers of this organization are, Bill Jones, President; Ron Roy, Vice-president; Dave Sheefel, Secretary; Terry Miller, Treasurer.

FIRST ROW: T. Jackson, J. Reed, C. Grieser, L. Liechty, T. Howey, L. Levy, O. Liechty. SECOND ROW: R. Knepp, G. Branson, T. Shears, T. Pancake, M. Cook, S. Waikel, D. Liechty. THIRD ROW: R. Schrock, T. Ostermeier, J. Shimer, L. Means, R. Garman, T. Zimmerman, J. Ward, Mr. Heller.

Sportsmen Club

A fairly new organization at Leo is the Sportsmen Club. Some of their outside activities includes ice skating parties for the entire student body.

They have also established a wildlife preserve on an island in the St. Joe River for restocking the area with wildlife.

These students are merely a portion of the Ping Pong Club, which actually consists of 80 members. Each member participates one noon a week. Either six or eight members will participate in the Allen County Ping Pong Contest.

Sports

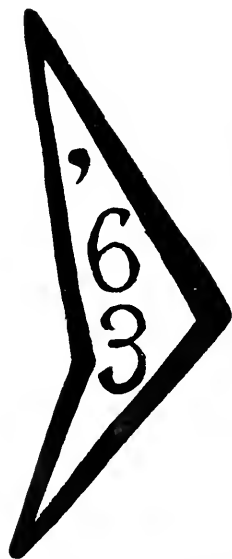

"The game is more than the player of the game, and the ship is more than the crew!"

The field of athletics is a wide one at Leo, and many students dedicate all of their after school hours to the spirit of sports.

In the fall, Baseball and Cross Country dominate the sport scene. But in mid-November through March the ever-popular Basketball takes its place as the main athletic attraction. With spring comes Volleyball, Golf, and later Track.

These various fields of athletics, together with the inevitable school spirit, help educate the students in the field of sportsmanship and fair play. The most important part of the game is not whether you won, but how well you played.

ROW 1: Larry Hager, manager; Dave Venderly, Lynn Chard, Bob Boyce, Dave Sheefel, Larry Voirol, Gary Graber, Ted Gehrig, Dick Boyce, captain. ROW 2: Dick Minnick, Gary Miller, Larry Winget, Dave Mock, Dick McNiece, Ed Frautschi, Roman Zehr, Coach W. Doehrman.

Sr. High Takes Tourney

Coach Doehrman presents Captain Dick Boyce with the first place trophy.

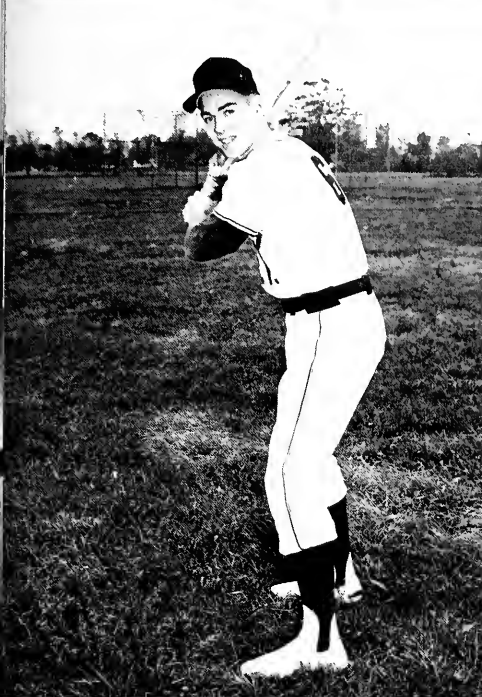

The '62 Baseball team maintained an admirable record of 11 wins and 3 losses, gaining the A.C.A.C. championship at the end of the season.

Gary Miller led the team with a batting average of .472 and Dave Mock held a pitching record of 6 and 2.

The only player not returning due to graduation is Ed Frautschi.

A.C.A.C. Champs

This year's basketball season proved to be a roaring success (roaring *Lions*, that is) with a record of 14 wins and 7 losses.

Since this year's team contained only one Senior, Andy Smith, the Leo Lions are expected to roar again during the 1963-64 season.

We are proud to say, though, that along with New Haven we shared the bulk of team and individual county honors in the 1962-63 season. Dick Boyce won the county scoring title with 367 points on 146 field goals and 75 free throws. Teammate Dave Mock was a close second with 360 points. He collected 132 field goals and 96 free throws. The Sectional closed another basketball season for Coach Doehrman and his Lions.

Junior and Senior Student Managers pack uniforms for the next game. They are Terry Sauder, Larry Hager, Dave Fruchey, Terry Shears, Steve Elett, Abner Crosby, and Larry Brown.

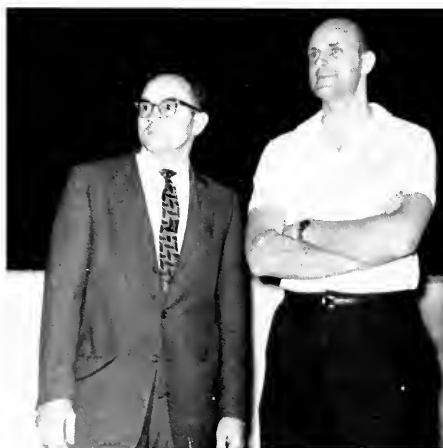

Student Trainers, Claude Schrock and Bill Jones, prepare two of the varsity boys for a strenuous practice session.

Behind-the-Team Workers

Rod Bertsch, Dave Fruchey, and Terry Shears pose in their usual positions for ballgames, fulfilling their jobs as statisticians.

Coach Doebrman and Assistant Coach Oetting watch the boys during one of their practice sessions before a game.

An exciting moment—the starting jump ball.

It's the rebounds that count, fellas!

The Lions score another point against Hoagland in the Friday night edition of the County Tourney.

Whata mean it's your ball?!

The team receives some last minute instructions from the coach during a time-out.

Fans watch in agony as the Bulldogs widen the gap at the final County Tourney game.

"O would some Power the gift give
us
To see ourselves as others see us!"

—Burns

The people on this page represent you, the student body. This section of your yearbook is dedicated to each student as an individual. This Album is a mirror through which you may see yourself the way other people see you.

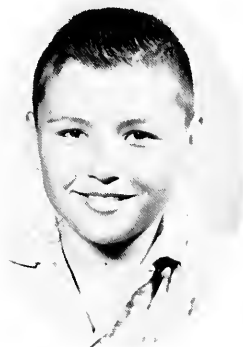

Linda Hoffman

Chuck DeVault

We, the members of the '63 and '64 graduating classes,
dedicate this page to Linda Hoffman, Charles
DeVault, and Monty Zollinger. They were
members of our classes
until their deaths.

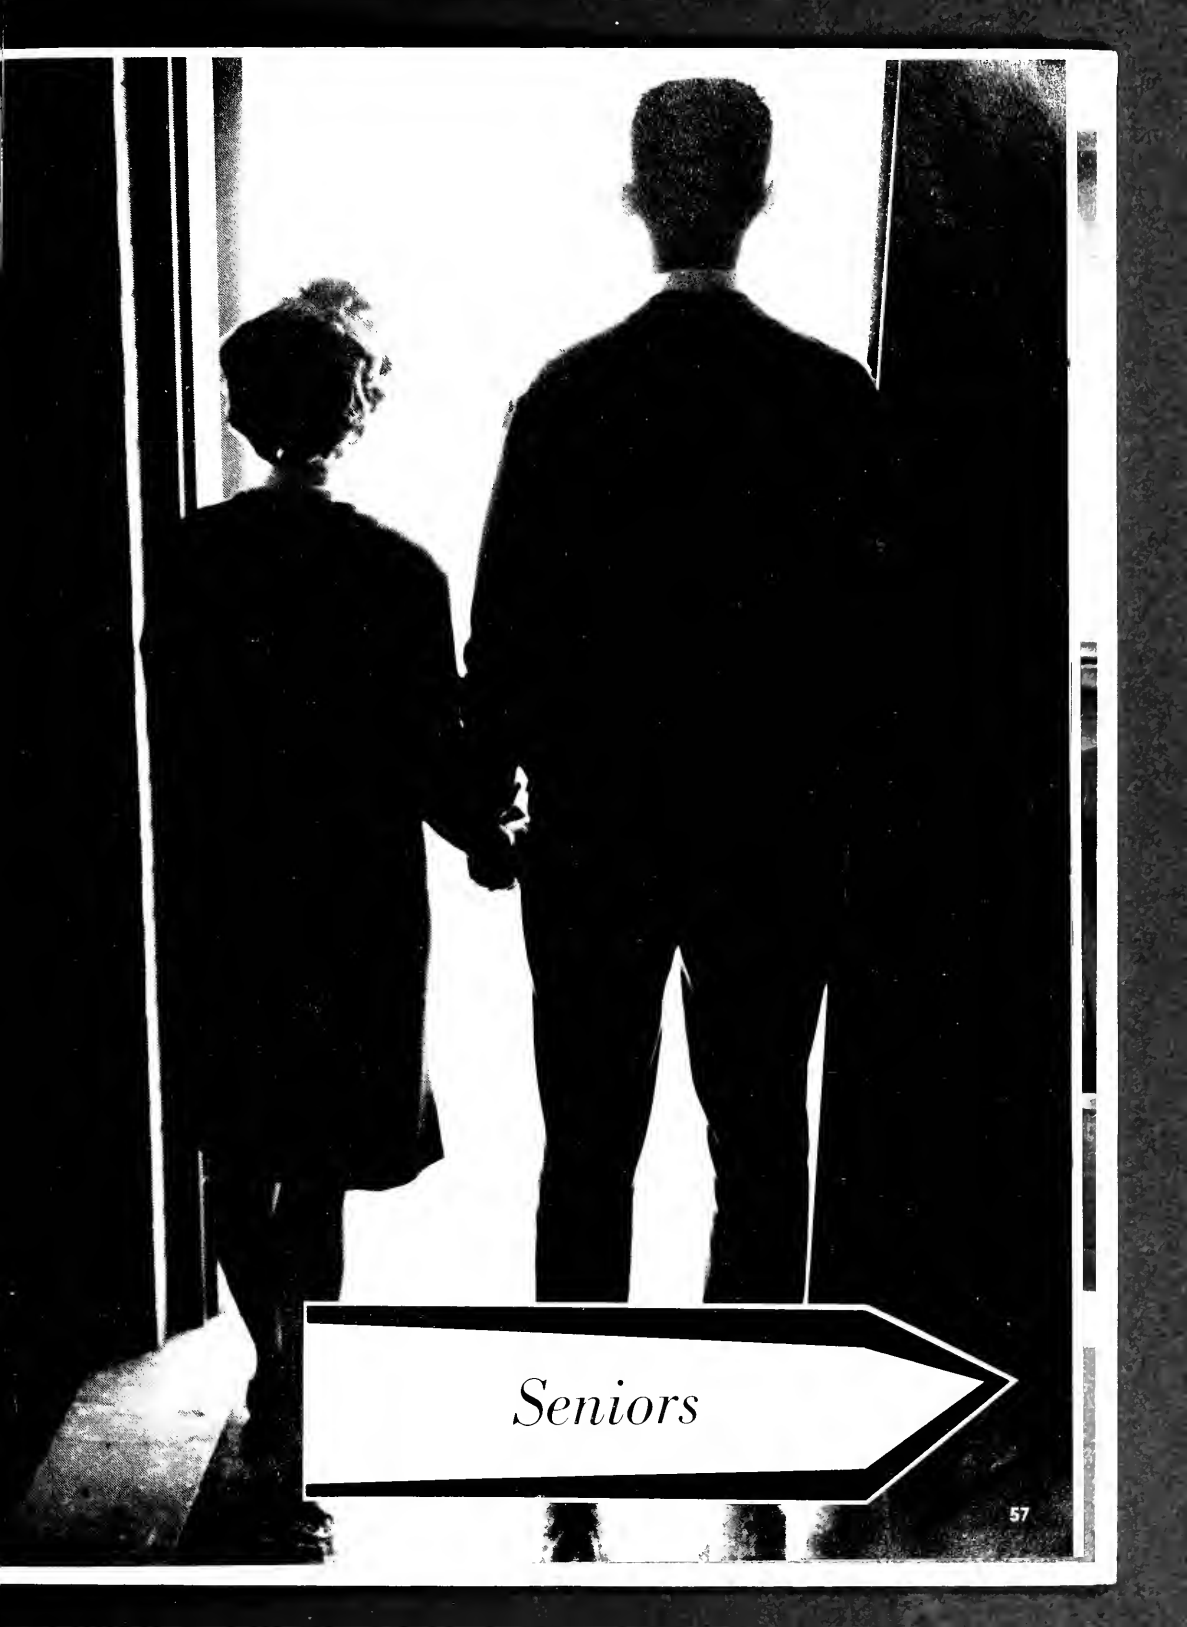

Their memories live on in the hearts
of their classmates. This page
is a memorial to you, Linda,
Chuck, and Monty.

Monty Zollinger

"Grant but memory to us, and we can
lose nothing by death."

Blooming Talent

The ideals that you have created from your family, your church, and your school will stand each of you in good stead in the years to come. May this annual always be remembered as a token of the best in your life as well as a treasure chest of your school activities.

We who remain are proud of the achievements of you juniors and seniors; we salute you and wish you Godspeed in the challenging years ahead.

THE MOON *and beyond*

Bright, new horizons await today's students . . . new technologies . . . new advancements on all fronts . . . even the moon and whatever lies beyond.

How far you go in this space age depends partly on your imagination, but primarily on your education and training. Conquering new horizons will demand more of today's graduates—more knowledge, more skills, more training and more specialization.

Our Free Enterprise system, with its high living standards, gives you an opportunity to "shoot for the moon" in any field. Whether or not your target is reached depends on how well trained you are to launch your career.
